By-Laws of the Township of Raleigh

No. 594—A BY-LAW

To provide for the construction of the Robbins and Coutts Drains in the Township of Raleigh, in the County of Kent, and for borrowing on the credit of the municipality the sum of \$702.80 for completing the same.

PROVISIONALLY ADOPTED the Twentieth day of February, A D. 1893.

WHEREAS, a majority in number of the owners, as shown by the last revised Assessment Roll, of the property to be benefited by the construction of the Coutts and Robbins drains, have petitioned the Council of the Township of Raleigh to construct a drain at or near the blind line of the Ninth Concession, and across lots seven, eight and part of nine, to the Carter drain.

Also, to construct a drain commencing at the line between the 6th and 7th concessions, thence northwesterly along the easterly side of the Town line road allowance to the old outlet of the Tilbury East Government drain in Raleigh.

And whereas, thereupon, the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the said localities proposed to be drained, and has also procured plans and estimates of the work to be made by the said W. G. McGeorge, and an assessment to be made by him of the real property to be benefited by such proposed work, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such proposed work by every lot or portion of lot; the said assessment so made, being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots, hereinafter in that behalf specially set forth and described; and the report of the said W. G. McGeorge in respect thereof, and of the said proposed work being as follows:

Chatham, 22nd November, 1892.

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh:

GENTLEMEN,—Having received from your Honorable Body instructions to make an examination and survey with a view to constructing a drain on lots 7 and 8, in the 9th concession of Raleigh. I beg to report that I have made such examination and survey, and have staked out and taken levels along a line for a drain in the position that will best meet the wants of the petitioners, and best drain the lands intended to be drained by the work under the petition and resolution of the Council.

The drain which will be known as the Robbins drain, will begin at the middle line or blind line of the 9th concession of Raleigh, and at the road ditch on the easterly side of the 6 and 7 side road. It will then run along the northerly side of the blind line to Station 12 and 40 feet, the stations

being six rods apart consecutively from Station 0 at the 6 and 7 side road northeasterly along the blind line aforesaid, from Station 12 and 40 feet the drain will run northerly, north-easterly and easterly across the east half of north half of lot 7, the west half of north half of lot 8, and the east half of the north half of lot 8, as shown on the plan accompanying this my report, and easterly on the east half of south half of lot 8 to the Carter drain. The drain is very much needed as it runs through a very wet locality.

Accompanying this I remit a profile giving data for the construction of the work; the excavated earth to be cast three feet clear of the drain.

My estimate of the cost of the work is as follows:

From Sta. 0 to Sta. 10, a distance of 60 rods, at \$1.50 per rod.....	\$ 90 00
From Sta. 10 to Sta. 20, a distance of 60 rods, at \$1.50 per rod.....	90 00
From Sta. 20 to Sta. 30, a distance of 60 rods, at \$1.75 per rod.....	105 00
From Sta. 20 to Sta. 44½, a distance of 87 rods at \$1.75 per rod.....	152 25
For taking down fence and setting it up on the south side of the drain along the blind line.....	20 00
	\$437 25
To this add for survey, plans, report, etc	\$16 50
Assistants in survey	5 00
Publishing By-law.....	20 00
Letting and superintending.....	25 00
Clerk's fees.....	6 00
Registering By-law and Debenitur.....	3 00
	\$ 75 50

Making a total.....\$532 75

This sum I assess against the lands and roads benefitted as in the schedule annexed to this. The drain should be kept in repair and maintained at the expense of said lands and road, they paying in the same relative proportion as for construction.

I have the honor to be, gentlemen, your obedient servant,

W. G. McGEORGE.

Chatham, 16th February, 1893.

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh:

Gentlemen,—Having been instructed by your honorable body to make an examination and survey of the drain along the easterly side of the Tilbury East and Raleigh town line in the Sixth Concession, that is at the part of the town line lying beside the Sixth Concession of Raleigh, with a view to its deepening and improvement, to comply with the petition of A. Coutts and others. We beg to report that we have made such examination and survey, and recommend that it be improved to the data furnished on the profile accompanying this our report, from the drain at the north side of the road between Concessions 6 and 7 of Raleigh, northwestward to the Raleigh portion of the Government drain from Tilbury East; and we recommend that the drain be made a covered drain for a length of 160 feet, from a point midway between station 30 and station 31 northwestward, the covered portion to be tiled with tile of ten inch bore guarded at each end of the covered portion, the tile to be laid to the gradient of the profile and to be covered to the surface level of the ground. The drain will greatly benefit the town line between Tilbury East and Raleigh.

Our estimate of the cost of the work is as follows :

From Sta. 0 to Sta. 10 , a distance of 60 rods, at 70 cents per rod	\$ 42 00
From Sta. 10 to Sta. 20 , a distance of 60 rods, at \$1.80 per rod.....	108 00
From Sta. 20 to Sta. 30 , a distance of 60 rods, at \$1.70 per rod	102 00
From Sta. 30 to Sta. 37½, a distance of 44 rods, at \$1.00 per rod	44 00
Tile and laying, do., \$12.00 ; guards, \$5.00, in all.....	17 00

To this add for survey, plans, estimates, report, etc	\$18 00	\$313 00
Assistants in survey	3 00	
By-law (no part of this assessed against Tilbury East)	25 00	
Clerk's fees (no part of this assessed against Tilbury East)	5 20	
Letting and superintending	20 00	
Registering by-law and debentures.....	3 00—	\$ 74 20

Making a total of \$387 20

This sum we assess as in the annexed schedule against the lands and roads benefited. The drain when completed to be kept in repair and maintained at the expense of the Municipality of Raleigh and of the Municipality of Tilbury East, and of the lands, roads and railroad assessed for its construction, said lands, road, railroad and municipalities paying in the same relative proportions as for construction.

We have the honor to be, gentlemen, your obedient servants,

McGEORGE & FLATER.

And whereas the said Council are of opinion that the work as reported on by the engineer is necessary and desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of the "The Consolidated Municipal Act, 1892," and amendments thereto.

1. That the said report, plans and estimates be adopted and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said township may borrow on the credit of the Corporation of the said Township of Raleigh the sum of seven hundred and two dollars and eighty cents, being the funds necessary for the work not hereinafter otherwise provided for, and may issue debentures of the corporation for that amount and interest in sums of not less than one hundred dollars each, payable within five years from the date thereof, with interest at the rate of five per centum per annum, that is to say, in five consecutive annual payments, to be of such amount that the aggregate amount payable for principal and interest in any year shall be equal, as nearly as may be, to the amount payable for principal and interest during each of the other years of such period of five years, such debentures to be made payable at the branch of the Canadian Bank of Commerce, in the Town of Chatham.

3 That for the purpose of paying the sum of Seven Hundred and Two 80 100 Dollars, being the amount charged against the said lands so to be benefited as aforesaid, other than roads belonging to the municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this By-law during which the said Debentures have to run,

NO. 595—A BY-LAW

Respecting the sale and disposal of Debentures issued under By-law number 530 of the Township of Raleigh.

1. Whereas under By-law Number 530 of the Township of Raleigh entitled "A By-law to provide for aiding and assisting the Amherstburg, Lake Shore and Blenheim Railway, and issuing Debentures therefor for the sum of Ten Thousand dollars to be given by way of bonus to the said Amherstburg, Lake Shore and Blenheim Railway Company by the Municipality of the Township of Raleigh.

2. And Whereas it was provided by said By-law that after the final passing thereof the said Debentures were to be delivered to Trustees to be appointed in pursuance of the Statutes of Ontario in that behalf, for receiving and holding the said Debentures, and for the purpose of realizing the sum of Ten Thousand dollars to be given to the said Railway Company as soon as the work of the said Railway was completed.

3. And Whereas the said Railway Company has complied with all the conditions contained in said By-law.

4. And Whereas the Council of the Township of Raleigh have entered into an arrangement with the said Railway Company whereby the sum of Ten Thousand dollars cash is to be paid to the said Railway Company and accepted by them in lieu of the said Debentures being delivered to the Trustees for the benefit of the said Railway Company as aforesaid, and the said Railway Company has consented to the Council of the said Township of Raleigh selling and disposing of the said Debentures as they may deem proper.

5. And Whereas in order to raise the said sum of Ten thousand dollars it will be necessary to sell and dispose of the said Debentures,

Be it therefore enacted by the Municipal Council of the Corporation of Raleigh, in the County of Kent:

(1) That the above recited arrangement with the said Railway Company as to payment over the sum of Ten thousand dollars in lieu of delivering the said Debentures, and as to the sale of the said Debentures, is hereby ratified and confirmed.

(2) That for the purpose of raising the said sum of Ten thousand dollars the Reeve of said Corporation is hereby authorized and instructed to borrow the said sum of Ten thousand dollars from any person or persons, body corporate or bodies corporate, who may be willing to advance the same on the credit of the said Debentures, and for the purposes aforesaid to negotiate, sell and dispose of the said Debentures or so many of them as may be necessary.

(3) That the moneys to arise from the said sale of the said Debentures shall be applied for the purpose of paying and discharging the said bonus granted to the said the Amherstburg, Lake Shore and Blenheim Railway Company by said By-law Number 230, and not for any other purpose whatsoever.

6. This By-law shall come into force and take effect on, from and after the final passing thereof.

Finally passed 24th April, 1893.

No. 596—A BY-LAW

To confirm the appointment of Solicitor and Counsel for the Township of Raleigh.

Whereas, Matthew Wilson, of the Town of Chatham, and his partners in the firm of Wilson, Rankin, McKeough and Kerr, have from time to time acted as solicitors and counsel for the Corporation of the Township of Raleigh, on the instructions of the Reeve or officers or Council thereof, and as such solicitors or counsel have done various services in various proceedings and actions, including an action brought by Sarah Ann Williams and Charles A. Williams against the said corporation, which action is now in appeal from the Supreme Court of Canada in the Privy Council in England.

And whereas, it is desired to confirm and ratify the authority and acts of the said Wilson and his partners in said firm, as solicitors and counsel aforesaid, and to authorize them to continue so to act under this By-law until the same shall have been repealed.

Be it therefore enacted by the Municipal Council of the Township of Raleigh, in Council assembled;

1. That Matthew Wilson of the Town of Chatham, in the County of Kent, one of Her Majesty's Counsel, and his firm of Wilson, Rankin, McKeough and Kerr, be and are hereby retained and instructed to act as solicitor and counsel for the township of Raleigh (in all matters in which their services may be asked or desired by the Reeve or officers or committees of Council of said Township of Raleigh) under the instructions and directions of the Reeve, officers or committees of Council of said township until this By-law shall have been repealed.

2. That the said Matthew Wilson be, and he is hereby retained and instructed as solicitor and counsel for, and on behalf of the said corporation to go to England and appear before the Privy Council, in the appeal of the Corporation of the said Township of Raleigh against the judgment or decision of the Supreme Court in the said action brought by Sarah Ann Williams and Charles A. Williams against the said corporation.

3. That the said Matthew Wilson and the said firm be, and they are hereby authorized and empowered to employ for and on behalf of the said corporation in the said appeal in the Privy Council, solicitors and counsel as to them and him seem proper under the instruction and directions of the Reeve of said corporation.

4. That the acts and authority of the said Wilson and his partners in said firm, in the actions and proceedings heretofore taken as counsel and solicitors for said Corporation of Raleigh be, and the same are hereby confirmed.

5. That the said corporation reserves and retains to itself and the Council thereof, the full right and authority to at any time repeal this By-law, and to withdraw the power and authority of the said Wilson and his partners in said firm to act as counsel and solicitors as aforesaid.

6. That the said corporation reserves and retains to itself and to the Council thereof the full right and authority at any time (either while the said Wilson and his partners in said firm may be acting as counsel and solicitors as aforesaid or otherwise) to retain and employ other counsel and solicitors, as the said corporation and the Council thereof may seem proper or in the interest of said corporation.

Finally passed this 24th day of April, A. D. 1893.

No. 599—A BY-LAW

To amend By-law No. 387½, known as the Pike Drainage Works By-law.

Whereas, under the provisions of the Consolidated Municipal Act, 1892, Municipal Councils may pass By-laws to amend By-laws which may have been passed for the construction and maintenance of drainage works, and which may have been acted upon in whole or in part, and which do not provide sufficient means for the completion of the work or redemption of the Debentures authorized to be issued thereunder.

And whereas, the pumping account of the said Pike Drainage Works is now overdrawn to the extent of at least four hundred dollars, as shown by the report of the Treasurer.

And whereas, it is necessary to provide for the said amount so overdrawn

Be it therefore enacted by the said Municipal Council of the Corporation of the Township of Raleigh.

1. That there shall be raised, levied and collected upon and from all the lands and roads assessed for the said Pike Drainage Works, the said sum of four hundred dollars, by a rate pro rata on all the lands and roads so assessed therefor, sufficient to discharge the said sum and in addition to the annual rate authorized by the said By-law numbered 387½ for the redemption of the Debentures and maintenance of the said works in the year 1893.

Read a third time and passed this twenty-eighth day of August, A. D. 1893.

No. 600—A BY-LAW

To amend By-law No. 498, know as "The Tilbury East Government Drain Outlet By-law."

Whereas, under the provisions of the Municipal Act, Municipal Councils may pass By-laws to amend By-laws which may have been passed for the construction of drainage work, and which may have been acted upon in whole or in part, and which do not provide sufficient means for the completion of the work, or redemption of the debentures authorized to be issued thereunder.

And whereas, the preliminary expenses attendant upon the survey of

the portion of the said drain situated in the Township of Raleigh amounts to the sum of three hundred and twenty 34/100 dollars.

And whereas, no provision was made for the payment of the said sum of three hundred and twenty 34/100 dollars in the estimated cost of the drain, which was constructed by the Corporation of the Township of Tilbury East, and known as "The Tilbury East Government Drain Diverted Outlet," and which was constructed in lieu of the proposed improvement in the Township of Raleigh.

And whereas, the said sum of money was advanced by the Corporation of the Township of Raleigh, with a view to the improvement of the said drain at the request of the ratepayers on the said drain.

And whereas, it is necessary to provide funds in order to recoup to the said Corporation of the Township of Raleigh the moneys so advanced by them in anticipation of the said work being proceeded with.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, under and by authority of "The Consolidated Municipal Act, 1892," and amendments thereto in that behalf.

1. That for the purpose of repaying to the said Corporation of the Township of Raleigh the said sum of three hundred and twenty 34/100 dollars, so advanced by them for the purposes aforesaid, the said By-law No. 498, known as "The Tilbury East Government Drain Outlet By-law" be so amended as to add the sum of three hundred and twenty 34/100 dollars to the sum therein authorized to be raised.

2. That for the purpose of paying the said sum of three hundred and twenty 34/100 dollars, there shall be raised, levied and collected in the year 1893, off, and from all the lands and roads assessed for the construction of the said work, a supplementary levy, sufficient to pay and discharge the said debt, by a rate pro rata on the original assessment levied on the said lands and roads.

No. 601—A BY-LAW

To assess and levy rates for County, Township and School purposes for the year 1893.

Be it enacted by the Municipal Council of the Corporation of the Township of Raleigh, in the County of Kent.

I. That the following sums shall be levied and collected upon and from all the rateable property of the Township of Raleigh for the year of our Lord 1893.

(1) The sum of \$5281.37 for the general purposes of the County of Kent by a rate of 2 15/100 mills in the dollar.

(2) The sum of \$7,260 for the general purposes of the Township of Raleigh, as per Schedule "A" hereunto annexed, by a rate of 3 mills on the dollar.

(3) The sum of one thousand nine hundred and seventy six 50/100 dollars, being an amount equal to the Legislative school grant of \$506, and

the amount required to be raised for each school section as provided in Section 109 of "The Public Schools Act, 1891," by general rate of one thousand four hundred and seventy 50/100 dollars, exclusive of the property of certain supporters of the separate schools, by a rate of 91/100 of a mill on the dollar.

II. That the Clerk of this Corporation is hereby required to levy a special rate (over and above all other rates) upon, and which shall be collected from all the rateable property included in each and every School Section the Trustees of which shall furnish him, on or before the 24th day of August, with a written statement signed by the Secretary-Treasurer, and certified by the seal thereof, of the amount required for Public or Separate School purposes in each School Section (less the amount required to be raised as aforesaid by general rate, such a rate pro rata as will amount to the sum so required, as near as may be; and the Treasurer of this Corporation is hereby authorized and instructed to pay to the order of the Secretary-Treasurer or Trustees of each School Section all moneys so levied and credited to such School Section.

III. That the rates so imposed by this by-law shall be collected by the Collector of rates for the said Township of Raleigh, and paid over to the Treasurer of this Corporation, in bankable funds, on or before the fourteenth day of December, A. D. 1893, in so far as the law will enable him so to do, unless otherwise ordered by this Council.

IV. That William H. White be and he is hereby appointed Collector of rates for the said Township of Raleigh during the current year and until the said rates are all collected and a due return made to the Treasurer of this Corporation, (the amount so collected to be paid at least every two weeks), conditionally upon his furnishing bonds duly executed by himself, and good and sufficient sureties, to be approved by this Council, in the sum of twenty thousand dollars. And for the due performance of these and all duties of Collector, as provided by the Statutes of Ontario and the By-laws of this Municipality, he shall be paid the sum of one hundred dollars, inclusive of all duties that do, or may pertain thereto.

No. 603—A BY-LAW

To raise \$2000 to comply with a judgment of the Court in Williams et al. vs. Raleigh.

Dated 4th September, 1893.

Whereas proceedings were taken under which certain drainage works were constructed in Raleigh under acts respecting drainage works and local assessments therefor.

And whereas on account of such proceedings certain liabilities were cast upon the Corporation of the Township of Raleigh or Council thereof

And whereas a certain action in respect of such drainage works was brought in the High Court, and carried on against said Corporation by Sarah Ann Williams and Charles A. Williams; and whereas said action has been dismissed, except in respect of such drainage works called No. 1 Drain, which is a part of a system of drainage works constructed as aforesaid and commonly known as the Government Drain in Raleigh.

And whereas in order to comply with the judgment now entered and standing against said corporation in respect of said Government Drainage Works, it is necessary (amongst other things) to pay the costs awarded by the judgment of the courts to said Sarah Ann Williams and Charles A. Williams.

And whereas the lands and roads liable to assessment and assessed for such Government Drainage Works are those hereinafter set forth.

And whereas each lot, part of lot and road, hereinafter set forth, was assessed and charged the sums hereinafter set opposite to it in the first column of figures representing dollars and cents.

And whereas it is the duty of the Council of said Corporation to enable the Corporation to comply with such judgment in respect of said drainage works in said action, by charging any sum of money that may be required, pro rata upon the lands and roads liable to assessment for such drainage works.

And whereas the sum now due and payable, and required to enable the corporation to comply with such judgment amounts to at least \$2000, and the said Council desires to charge the same as provided by law.

Be it therefore enacted by the Municipal Council of the Township of Raleigh, in Council assembled:

1. That the said sum of two thousand dollars be and the same is here-

by charged pro rata upon the lands and roads liable to assessment for said drainage works as hereinafter set forth.

2. That each lot and part of lot and road be and the same is hereby charged with the sum hereinafter set opposite to it in the second column of figures representing dollars and cents.

3. That the sums charged against roads be paid out of the general funds of the municipality of Raleigh, and applied towards complying with said judgment.

4. That the sum charged against each lot or part of lot be assessed and levied (in the same manner and at the same time as taxes are levied) upon such lot or part of lot; and that the moneys realized by such charges and levies be applied towards complying with said judgment.

5. That this By-law shall come into force and take effect on, from and after the day on which the same shall be finally passed.

No. 604—A BY-LAW

To authorize the Head and Treasurer of the Corporation of the Town of Raleigh to borrow certain sums to meet the now current expenditure.

Whereas, the taxes levied for the current expenditure of the said Corporation for the year have not yet been fully collected, there being uncollected of such taxes a sum not less than the sum hereby authorized to be borrowed. And whereas, the sum of eight thousand dollars is required to meet the now current expenses of the said Corporation, and it is expedient to authorize the Head and Treasurer to borrow the said sum.

Be it therefore enacted by the Municipal Council of the Corporation of the Township of Raleigh, as follows:—

1st. That the Head, with the Treasurer of the said Corporation, be and they are hereby authorized, under the seal of the Corporation, to borrow from the Canadian Bank of Commerce, the sum of eight thousand dollars, required to meet the now current expenditure of said Corporation.

2nd. That the said Head, with the Treasurer aforesaid, be and they are hereby authorized to pay or allow to the said Bank interest on the said sum so borrowed at the rate of 6 per cent. per annum.

3rd. That a covenant or agreement, sealed with the Corporation seal and signed on behalf of the Corporation by the Reeve and Treasurer, be duly executed and given to the said Bank as aforesaid, as security for the repayment of the amount borrowed, with interest thereon as aforesaid.

Passed in open Council this 4th Sept., in the year of our Lord one thousand eight hundred and ninety-three.

No. 605—A BY-LAW

To provide for the construction of the Webb Drain, in the Township of Raleigh, in the County of Kent, and for borrowing on the credit of the Municipality the sum of \$292.50 for completing the same.

PROVISIONALLY ADOPTED the 26th day of June, A.D. 1893.

Whereas, a majority in number of the owners as shown by the last revised Assessment Roll of the property hereinafter set forth to be benefited by the construction of drainage work, have petitioned the Council of the said Municipality of Raleigh, praying that a drain be constructed on the southerly side of the road allowance between the Seventh and "A" Concessions, commencing at the Drake road, thence easterly to the Kersey drain.

And whereas, thereupon, the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said W. G. McGeorge, and an assessment to be made by him of the real property to be benefited by such proposed work, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such proposed work, by every lot or portion of lot; the said assessment so made being the assessment so made, being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said W. G. McGeorge in respect thereof, and of the said proposed work being as follows:

CHATHAM, 23rd May, 1893.

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh :

GENTLEMEN,—Having been instructed by your Honorable Body to make an examination and survey of the site for a drain petitioned for by E. T. Simpson and others, I beg to report that I have made such examination and survey. I find that the drain is required and will greatly benefit lands assessed herein and the road between Concession 7th and "A."

The drain will extend along the southerly side of the travelled road between said Concessions from the 6 and 7 Side road to the Kersey drain a little east of the line of lots 8 and 9, and owing to the surface conformation of the ground it will be necessary to have it discharge into both the Kersey and the Cooper drains, the waters dividing at about Station 11 of my survey.

I estimate the cost of the work to be as follows: the excavated earth to be spread evenly on the road to a width of 10 feet, leaving a berm of three feet. The drain to be known as the Webb drain, as there is already a Simpson drain in Raleigh.

ESTIMATE.

From Sta. 0 to Sta. 10, a distance of 60 rods, at \$1.80 per rod	\$108 00
From Sta. 10 to Sta. 20, a distance of 60 rods, at \$1.30 per rod	78 00

Making a total of..... \$441 10

This sum I assess as in the annexed Schedule, and it is recommended that the drain be maintained by assessment on the lands and road assessed for construction, they paying in the same relative proportion as for construction. I have the honor to be, Gentlemen, your ob't servant,

(Sg'd),

W. G. McGEORGE.

And whereas, the said Council are of opinion that the work so reported on by the Engineer is necessary and desirable,

Be it therefore enacted by the Municipal Council of the said Township of Raleigh, pursuant to the provisions of the Municipal Act, and amendments thereto.

1. That the said report, plans and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh, the sum of two hundred and ninety-two dollars and fifty cents, being the funds necessary for the work not hereinafter otherwise provided for, and may issue Debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable within five years from the date thereof, with interest at the rate of five per cent. per annum, that is to say in five consecutive annual payments, to be of such amount that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount payable for principal and interest during each of the other years of such period of five years, such Debentures to be made payable at the Branch of the Canadian Bank of Commerce, in the Town of Chatham.

3. That for the purpose of paying the sum of two hundred and ninety-two 50-100 dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this By-law during which the said Debentures have to run.

No. 606—A BY-LAW

To provide for the construction of a drain to be known as "The Ball Drain" in the Township of Raleigh, in the County of Kent, and for the levying the sum of \$137.06 for completing the same.

Provisionally adopted the 28th day of August, A.D. 1893.

Whereas, a majority in number of the owners as shown by the last revised Assessment Roll of the property hereinafter set forth to be benefitted by the construction of drainage work have petitioned the Council of the said Township of Raleigh, to deepen, widen and straighten the watercourse running through part of lot No. 21, in the 4th Con., E. B. L., from the road allowance between the 4th Con., E. B. L. and the 8th Con., known as the Tap drain, and being the outlet for the waters from the northerly parts of lots 21 and 22, in the 8th Con., and the southerly parts of lots 20 and 21, in the 4th Con., E. B. L. to the Ferguson drain, and that the said lands be assessed therefor, together with the road allowance between said Concessions, and such other lands or roads as may use the same for an outlet or otherwise.

And whereas thereupon the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained, and have also procured plans and estimates of the work to be made by the said W. G. McGeorge, and an assessment to be made by him of the real property to be benefitted by such proposed work, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such proposed work by every lot or portion of lot: the said assessment so made being the

assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said W. G. McGeorge in respect thereof and of the said proposed work being as follows :

Chatham, 19th August, 1893.

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh :

Gentlemen,—Having been instructed by your honorable body to make an examination and survey of the tap drain running through part of lot 21 in the 4th Concession, E. B., in the Township of Raleigh, from the 6th Concession road to the Ferguson drain. I beg to report that I have made such examination and survey

The drain will follow the line of a drain already existing beginning at the road between the 4th Con. E. B. and the 8th Con., and at the line between the E hf s hf and w hf s hf of lot 21, in the 4th Con. E. B. It will then run north-westerly and south-westerly in the line of the old drain on the w hf s hf of lot 21, in the 4th Con. E. B., and as shown on the plan, and as staked out on the ground to the Ferguson drain.

My estimate of the cost of the work is as follows :—

From Sta. 0 to Sta. 22½, a distance of 136 rods, at 75c per rod.....	\$102 00
To this add for survey, plans and estimates, &c.....	15 00
Assistance in Survey,	2 25
Publishing By-law	20 00
Letting and Superintending	15 00
Registering By-law and Debentures	3 00
Clerk's fees, say	3 00

Making a total of \$160 25

This sum I assess against the lands and road benefited as in the annexed Schedule. The drain to be kept in repair and maintained at the expense of the lands and road assessed for the work herein reported on, said lands and road paying in the same relative proportion as for said work. The excavated earth will be cast three feet clear of the drain.

I have the honor to be, gentlemen, your obd't servant.

W. G. McGEORGE.

And whereas, the said Council are of opinion that the work so reported on by the Engineer is necessary and desirable

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of the Consolidated Municipal Act, 1892, and amendments thereto.

1. That the said report, plans and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. No. 607—A BY-LAW

To provide for the construction of the Deechan Drain, in the Township of Raleigh, in the County of Kent, and for borrowing on the credit of the Municipality the sum of \$634.65 for completing the same.

PROVISIONALLY ADOPTED the 23rd day of October, A. D. 1893.

Whereas, a majority in number of the owners as shown by the last revised Assessment Roll of the property hereinafter set forth to be benefited by the construction of a drain commencing at the 9 and 10 Side Road, thence Easterly along the Southerly side of the A and 8th Concession Road, to a water course on Lot Eleven, thence northerly across the road and following the said watercourse to the Carter Drain on Lot 12, in Concession "A."

And whereas, thereupon, the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said W. G. McGeorge, and an assessment to be made by him of the real property to be benefited by such proposed work, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such proposed work, by every lot or portion of lot; the said assessment so made being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said W. G. McGeorge in respect thereof, and of the said proposed work being as follows:

CHATHAM, 21st October, 1893.

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh:

GENTLEMEN,—I beg to report to your Honorable Body that I have, in compliance with instructions, made an examination and survey of the proposed drain to be known as the Deechan Drain in the Township of Raleigh.

It will commence at the 9 and 10 Side Road and on the southerly side of the Concession Road between Gore A and the 8th Concession, and will thence run northeasterly along the southerly side of said Concession road to point opposite the middle line of lot 11 in Con A; then northwesterly across the road and along said middle line to middle line of Con. A, between the N half and S half of Lot 11; thence northeasterly to the Carter Drain. The drain is much needed, and will benefit lands in its vicinity as also the Side Road and Concession Road. I recommend that it be made to accord to the data furnished on the profile accompanying this. The excavated earth to be cast three feet from the drain, and where the drain runs along the road to be spread evenly on the road to a width of 18 feet.

My estimate of the cost of the work is as follows:

From Sta. 0 to Sta. 10, a distance of 60 rods, at \$1.60 per rod	\$ 96 00
From Sta. 10 to Sta. 20, a distance of 60 rods, at \$1.70 per rod	102 00
From Sta. 20 to Sta. 30, a distance of 60 rods, at \$1.75 per rod	105 00
From Sta. 30 to Sta. 40, a distance of 60 rods, at \$2.40 per rod	144 00
From Sta. 40 to Sta. 50, a distance of 60 rods, at \$2.50 per rod	150 00
From Sta. 50 to Sta. 60, a distance of 60 rods, at \$2.25 per rod	135 00
From Sta. 60 to Sta. 72, a distance of 72 rods, at \$1.50 per rod	108 00

\$840 00

To this add for survey, plans, estimate, etc.	\$28 00
Assistants in survey	6 00
Publishing By-law	30 00
Letting and superintending	25 00
Clerk's fees, say	10 00
Registering by-law and debentures	3 00

\$102 00

Making a total of..... \$942 00

This sum I assess as in the annexed Schedule, and against the lands and roads benefited and using the drain as an outlet.

I have the honor to be, Gentlemen, your ob't servant,

W. G. McGEORGE.

And whereas, the said Council are of opinion that the work so reported on by the Engineer is necessary and desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of "The Consolidated Municipal Act, 1892."

1. That the said report, plans and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh, the sum of six hundred and thirty-four dollars and sixty-five cents, being the funds necessary for the work not hereinafter otherwise provided for, and may issue Debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable within five years from the date thereof, with interest at the rate of five per cent. per annum, that is to say in five consecutive annual payments, to be of such amount that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount payable for principal and interest during each of the other years of such period of five years, such Debentures to be made payable at the Branch of the Canadian Bank of Commerce, in the Town of Chatham.

3. That for the purpose of paying the sum of six hundred and thirty-four dollars and sixty-five cents, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one

such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this By-law during which the said Debentures have to run.

No. 608—A BY-LAW

To provide for the maintenance and improvement of the Goulet Drain in the Township of Raleigh, in the County of Kent, and for borrowing on the credit of the municipality the sum of \$2005.00 for completing the same.

Provisionally adopted the 23rd day of October, A.D. 1893

Whereas, complaint has been made that certain portions of "The Goulet Drain" has become obstructed and in need of repair.

And whereas, it is deemed expedient to clean out and repair the said drain or so much thereof as may be necessary to enable it to carry of the water it was originally designed to carry off and prevent injury to adjacent lands.

And whereas, thereupon, the said Council procured an examination to be made by W. G. McGeorge, P. L. S., being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said W. G. McGeorge, and assessment to be made by him of the real property to be benefited by such proposed work, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such proposed work, by every lot or portion of lot; the said assessment so made being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said W. G. McGeorge in respect thereof, and of the said proposed work being as follows:

Chatham, 21st October, 1893

To the Reeve, Deputy Reeves and Municipal Council of Raleigh:

GENTLEMEN,—In compliance with instructions I have made an examination and survey of the Goulet Drain in the Township of Raleigh, from its head to the outlet in the Simpson Drain. I consider that it will be necessary to repair and improve the drain over the whole of this length to place it in a state of efficiency, giving it an improved fall by deepening, to take advantage of a portion of the increased depth in the Simpson Drain. Accompanying this I send in a profile which gives the data to which I recommend that the work be made to conform. I would also recommend that the Commissioner who may have charge of the work be required to improve the alignment of the drain by cutting of sharp bends left in the work in getting around trees in the first construction of the drain. The land is now very generally cleared up to the drain.

I estimate the cost of the work is as follows:

From Sta. 0 to Sta. 10, a distance of 60 rods, at \$3.00 per rod	\$180 00
From Sta. 10 to Sta. 20, a distance of 60 rods, at \$2.75 per rod	165 00
From Sta. 20 to Sta. 30, a distance of 60 rods, at \$2.50 per rod	150 00
From Sta. 30 to Sta. 40, a distance of 60 rods, at \$2.40 per rod	144 00
From Sta. 40 to Sta. 50, a distance of 60 rods, at \$2.40 per rod	144 00
From Sta. 50 to Sta. 60, a distance of 60 rods, at \$2.25 per rod	135 00
From Sta. 60 to Sta. 70, a distance of 60 rods, at \$2.00 per rod	120 00
From Sta. 70 to Sta. 80, a distance of 60 rods, at \$1.90 per rod	114 00
From Sta. 80 to Sta. 90, a distance of 60 rods, at \$1.80 per rod	108 00
From Sta. 90 to Sta. 100, a distance of 60 rods, at \$1.80 per rod	108 00
From Sta. 100 to Sta. 110, a distance of 60 rods, at \$1.90 per rod	114 00
From Sta. 110 to Sta. 120, a distance of 60 rods, at \$1.60 per rod	96 00

From Sta. 120 to Sta. 130, a distance of 60 rods, at \$1.50 per rod	\$ 90 00
From Sta. 130 to Sta. 140, a distance of 60 rods, at \$1.50 per rod	90 00
From Sta. 140 to Sta. 150, a distance of 60 rods, at \$1.25 per rod	75 00
From Sta. 150 to Sta. 159½, a distance of 54½ rods, at \$1.20 per rod	65 40

\$1898 40

To this add for survey, plans, etc.	\$35 00
Assistants in survey and to pay assistant of Commissioner to picket line	14 00
Publishing By-law	30 00
Repairs to culverts	40 00
Letting and superintending	40 00
Clerk's fees, say	20 00
Registering by-law and debentures	3 00 - \$182 00

Making a total of..... \$2080 40

This sum I assess in the annexed Schedule, on the lands and roads benefited.

I have the honor to be, Gentlemen, your ob't servant,

W. G. McGEORGE

And whereas, the said Council are of opinion that the work so reported on by the Engineer is necessary and desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of "The Consolidated Municipal Act, 1892, and amendments thereto.

1. That the said report, plans and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said Township may borrow on the credit of the Corporation of the said Township of Raleigh, the sum of two thousand and five dollars, being the funds necessary for the work not hereinafter otherwise provided for, and may issue Debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable within five years from the date thereof, with interest at the rate of five per cent. per annum, that is to say in five consecutive annual payments, to be of such amount that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount payable for principal and interest during each of the other years of such period of five years, such Debentures to be made payable at the Branch of the Canadian Bank of Commerce, in the Town of Chatham.

3. That for the purpose of paying the sum of two thousand and five dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this By-law during which the said Debentures have to run,
